

Welcome to Mary Webb School and Science College

Transition at any part of a student's education is very important to us. Whether it is moving up to secondary school from primary school, moving schools, entering a new Key Stage or moving on to post-16 education or training. Working together to ensure success for all relies on good communication from the start. We look forward to working with you, your child and their primary school during this year and in years to come.

We are inviting you to find out more about our school by exploring our departments by video.

Our teachers have been busy, getting ready to welcome you by carefully crafting short videos to tell you a little bit about us. You will be welcomed by our Headteacher, Mr Lowe-Werrell, Head Girl and Head Boy, find out about transition from Mrs Mould and some Year 7 students and take a peek into departments across the school. Come and have a look around...

(See over for a quiz you can enter!)

Exploring Mary Webb School and Science College

Please enjoy the videos on our website to explore each department. Here is a quiz for Year 6 to have a go at once they have seen the videos.

What are the Year 8 students working on in design technology? _____

Name 3 topics you might study in drama. _____

Who is the Head Girl and Head Boy? _____

Which subjects are included in humanities? _____

What can you do in the library? _____

Which languages will you learn? _____

What sports did you notice in the PE video? _____

How many instruments can you name in the music video? _____

Which GCSE/BTEC qualifications can you take at Mary Webb School? You will hear these on most of the videos! _____

Tie-breaker

How do you think Mary Webb School will open your mind and widen your horizons? (In less than 100 words!)

Name: _____

Primary School: _____

Please photograph or scan your quiz answers and email them to:

year6transition@marywebbschool.com

(Deadline for submissions is Friday 6th November – prizes will be awarded via the primary schools!)
