

Join us for our **Y6 Summer School**

19th - 23rd July, 2021

10am-2pm daily

We are offering our summer school to Year 6 pupils who are due to start at Mary Webb School & Science College in September. Join us for a range of fun-filled activities that include team building games, cooking delicious treats, gymnastics and other sports, storytelling, drama, bushcraft skills, gardening, orienteering and exploring our local nature reserve, Pontesford Hill.

As well as a huge emphasis on having fun through learning, we also focus on making sure that children feel happy and secure about their move to Mary Webb School & Science College. Your child will get a chance to find their way around the school building and to meet others from their year group, start to make new friends and meet many of the teachers here.

All of the activities are offered free of charge to any Year 6 pupil who is due to start with us. Lunch will be provided free of charge or they can bring a packed lunch. Numbers are limited and Y6 can come for any of their allocated days to suit them and their parents/carers.

Mary Webb School &
Science College

Book early!

Places are offered on a first-come, first-served basis. Numbers are limited.
