Dear David,

RE: Your Interski Booking #51088 (18/02/2023)

I apologise for being the bearer of unwelcome news. Over the last three seasons, Brexit arrived and we adapted to the best of our ability. Then came COVID with all of its operational consequences. And now, just as we were hoping to return to some sort of normality, the effects of the situation in Ukraine have plunged us into unforeseeable global levels of inflation, with unavoidable results.

The repercussions on our costing models lead us to the inevitable and equally unfortunate conclusion that cost increases way beyond what we would normally attempt to absorb can only be met by the imposition of a surcharge of £50pp, which will be levied within the parameters outlined in our booking conditions. Our decision is not taken lightly.

Fully aware of how this will affect you and your party, we act not in search of commercial gain, but in ensuring that we will be able to provide the level of service and satisfaction that is merited by your faith in Interski.

Given the current climate, both political and economic, our decision will not come, I imagine, as a complete surprise, but I apologise once more for having to take this unpalatable course of action, whilst counting on your understanding that we are left with little alternative in these disagreeable circumstances.

We are currently working on a comprehensive FAQs document that will be useful for any communication with parents. We will forward this without delay.

Yours sincerely,

Colin McIntosh
Chairman
